Dear Friend

One of your board members  
called me personally

I am a resident of the  
Alabama at 92 years old.

I was so proud of myself when  
I had called.

My son graduated from  
the University of Alabama in

Tuscaloosa the next to W.C.

He was a member of a B.D.  
our father would have

He liked the south and tried  
from his work one more at  
Mobile - Alabama. Then after a  
short time passed away from  
cancer.

I thought you might like a picture.

You said you would put my letter in  
all the next
